

Note to Dr. Halbert:

Please write a letter to me in paragraph form rather than a numbered list. Take time to develop your answer with reflection rather than writing the shortest answer. Use complete sentences to flesh out your responses.

1. What are you most proud of in this paper besides finishing?
2. What was the biggest challenge in writing this paper, especially compared to the first paper?
3. How did you approach writing both narratively (about your personal experience) and through a theoretical lens (by using Freire to help support a claim about a teacher or about Freire himself)?
4. What would you do differently if you had a chance to start over?
